HUACI Textile®

Make Care Merrier

While providing great food and pleasant experience for customers, staffs in the catering industry often work hard, and the working condition and apparel affect their mental and physical state all the time.

Our goal is “Make Care Merrier”.

Wearing HUACI Textile® apparel makes work easy and fun, while enhances the brand image. For this reason, we have established a fabric R&D center, a design center and a state-of-art manufacturing facility. With great teamwork we develop F&B apparel in a variety of func-tions, styles and colors.

Group Worldwide HUACI Textile®

Established in 1915, HUACI Textile Group has been offering textile products and solutions to businesses since day one. We are dedicated to inno-*va*tion and customer solution, we primarily serve industries of F&B, Hospitality, Healthcare, and High-end Industrial manufacturing.

HUACI Textile offers customized textile solutions through our agile flexible design, expertise of manufacturing supply chain and innovation of new material. Our solutions enable us to quickly fulfill customers' personal-ized demands on functionality, fashion-ability and upto 15 subsidiaries with businesses across dozens of countries and regions in America, Europe and Asia. We have built 4 manufacturing bases, 5 commercial laundry plants and 1 textiles research institute. Achieving "Make Care Merrier" together with part-ners around the world.

ALWAYS AT YOUR ONE-STOP SERVICE

Functional R&D

We solicit demands and suggestions from practitioners from clinicals and laundries, and combine them with our decades of experience in public textiles to develop comfortable, aesthetic, safe, and sustainable workwear, to extend the service life and reduce energy consumption.

3D design & small batch customization

We have a large number of designs and fabrics, and a professional team of designers and modelers to meet your individual needs. Using 3D digital garment simulation technology, we provide remote services for collaboration, design, pattern adjustment, production and online sales.

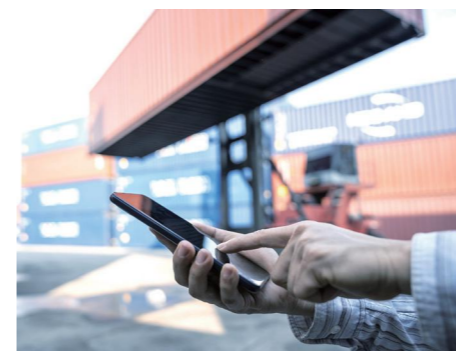

Production & Quality Control

We have 4 manufacturing bases in China and Cambodia, and an extensive network of cooperative suppliers around the world to efficiently respond to orders. We ship over 1000 containers each year. Our facilities comply with WRAP, ISO 9001, etc. We control the quality from fabric development, garment production to performance verification.

RFID Smart Management

We can sew RFID chips or print QR codes on our products, providing a flexible and efficient SaaS solution to help you realize the digital management of the whole life cycle of workwear and enhance your competitiveness.

Global Distribution Services

We maintain a large inventory of fabrics and products all year-round to ensure timely deliveries and flexible respond to all possible variables. We also operate a global logistics program that allows us to arrange delivery to wherever you want it.

Sustainability

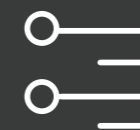

At HUACI Textile®, With advanced textiles and service, to promote human dignity and happiness, while better protect the environment
Wearing HUACI Textile® workwear, you could expect:

The use of recycled and bio-based materials makes workwear sustainable.

Durability and longer life cycle
Minimize waste, enjoy quality workwear while protect the environment.

Socially and environmentally friendly production and continuous reduction of carbon emissions.

Solutions that are easier to clean and use less energy for washing and maintenance.

Full lifecycle digital management to reduce waste and loss of workwear.

MOVE WITH YOU
BREAKING THROUGH THE LIMIT OF
COOKING

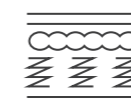

UltraStretch Chef Coat

NO.ATM0109

100% Polyester

Wearing a comfortable and durable apparel while cooking is becoming a necessity.

UltraStretch is an innovative solution that uses special spinning technology, combined with spring polymer structural materials, allows apparel to maintain superior comfort and elastic recovery even under multiple industrial washes. Meet the work needs once and for all. Fit and comfortable, let cooking inspire your creativity!

Comfortable and
stretchable

soft and
skin-friendly

moisture absorbing
and breathable

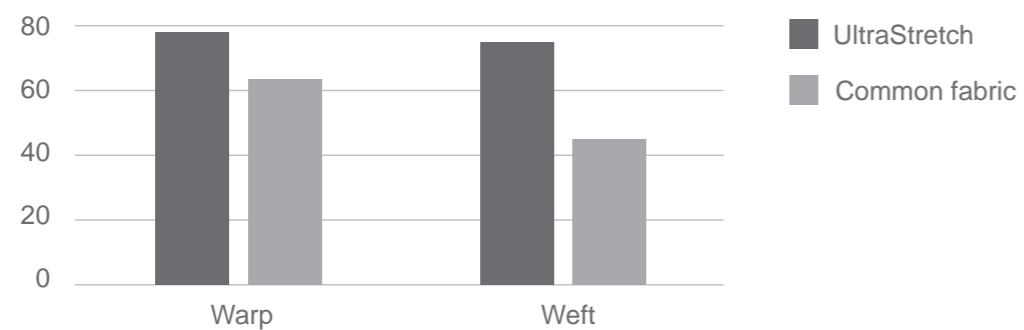

Industrial
Laundry ready

Comfortable and stretchable

UltraStretch's unique double-helix small spring molecular structure provides long-lasting stretch and resilience, thus extending the service life of the apparel. Not restricted by apparel, making cooking easier.

Elastic recovery rate

Data source: Report of HUACI Textile Laboratory.

Moisture absorbing and breathable

UltraStretch's special spinning structure determines a better core absorption effect. The excellent moisture absorption can easier handle the heat in the kitchen.

Industrial Laundry Ready

UltraStretch has been proven to have excellent wash durability, with outstanding performance in strength, anti-pilling, shrinkage and color fastness, giving a more reliable and comfortable cooking experience.

Test Program	Test Standards	Test Result
Breaking Strength in Warp Direction	GB/T 3923.1-2013	≥1500
Breaking Strength in Weft Direction	GB/T 3923.1-2013	≥750
Pilling Resistance	GB/T 4802.2-2008	4-5级
Dimensional Stability to Washing	GB/T 8629-2017	≤5%
Chlorine bleach resistance	GB/T 7069-1997	4-5
